Re: MR. JOHN THOMAS, janitor at Rutgers College.

Interviewed Mr. Thomas again today in regards to the positive date he saw Peter Tumilty with two strange men in the saloon at 106 Somerset St.

Mr. Thomas states that he is positive that it was two days before the murders, (Tuesday Sept. 12th, 1922). He remembers the day very well as it was warm and he was cutting grass in front of the college, and stepped across to the saloon to have a glass of beer and a cigar.

After the bodies were found and news about the murders published he then spoke to his wife about seeing Peter Tumilty in the saloon with the two men two days before the murders were committed.

Respectfully submitted.
